

# Team 01 Group Contract

**This is our group contract, some things to know are the following:**

- **We've chosen Discord as our main form of communication**
- **Our meetings can be on discord however our last group review ought to be in person at a future time (TBD)**

## **Team Ground Rules:**

- 1: Communicate twice a week minimum
- 2: Set deadlines for your work and don't miss them. (in case of emergency please communicate)
- 3: Ask for help if needed!
- 4: Do a group review before submitting the project

## **Three things we DON'T want to happen:**

- 1: Don't leave everything til the last minute (communication and deadlines can prevent it)
- 2: Don't make someone else do your work. (hold each other accountable)
- 3: Don't ignore feedback from group members; be open to suggestions to improve the project. (remember we are a team)

## **Finish this sentence**

I function best in groups when everyone knows what they are responsible for.

## **Finish this sentence**

I really hope our group can get an A.
